

6 Gallon Glass Nano

Panoramic Viewing with smooth rounded corners. This Nano offers the ideal dimensions for mini-reef and planted aquariums that require depth for rock stacking and planting.

Built-in 3 Stage Filtration

This discreet filtration system is hidden and provides maximum space for tank inhabitants. A large mechanical sponge traps particulate matter before reaching a chemical bag of activated carbon. The carbon then removes dissolved organics and odor. Ceramic rings and bioballs are provided for an ideal environment for beneficial bacteria. A 106 GPH pump is also included for proper water circulation.

JBJ Compact Fluorescent Lighting

Offered with our powerful 50/50 lamp for marine tanks or 6500 for freshwater tanks, This 18-watt CF Lamp will provides proper light intensity during the day and the (2) Nite-Vu LED moonlights illuminate nocturnal behaviors during the night cycle.

Electronic Ballast

Energy saving ballast allows for "flicker free" starts and dependable long term performance. Provides maximum light output with the least amount of heat production while being very energy efficient.

Flip Top Canopy

Heavy Duty ABS canopy can be flipped back and held in place for easy access for routine maintenance. This unit has been specifically designed to run cool with (2) 50x50mm cooling fans integrated into the canopy hood. A splash guard is included to protect against moisture and water contact.

CE Approved

Manufactured with quality components for trouble free performance. This Nano Cube is warranted 6 months from the date of purchase on all parts found to be a manufacture defect.

Customer Service

(310) 672-4099

Installation

1. Fill the Nano Cube with water before plugging power cords into a grounded outlet.
2. The first plug will automatically start the circulation pump.
3. The second plug controls power to the lighting system.
4. Press = to turn on 18 watt lamp. Press — to turn on Nite-Vu Moonlights. Press O to turn off lighting. Fans automatically turn on with the 18 watt lamp.

WARNING!

Always unplug the pump and lighting power cords before performing any maintenance to prevent damage to the equipment.

- Regular maintenance is the key to maintaining a clean and healthy captive environment.

MONTHLY

1. Water changes should be performed every 2-4 weeks due to dissolved organic build up.
 2. Gravel "vacuuming" is recommended once a month to remove detritus from the bottom of the aquarium.
 3. Remove the sponge filter located in the rear of the aquarium and rinse out under sink before replacing back into the compartment.
 4. Remove activated carbon bag and replace with new carbon. New bags should be rinsed under the sink before installing into filter compartment.
- Do not clean ceramic rings or bioballs—this may harm beneficial bacteria that neutralize harmful nitrogen.

SEMI-ANNUALLY

1. Remove circulation pump located in the rear compartment and rinse "Impeller" motor under sink to dislodge debris and particulate matter.

ANNUALLY

1. Remove screws from the splash guard lens and remove compact fluorescent lamp.

Reef Tank Instructions

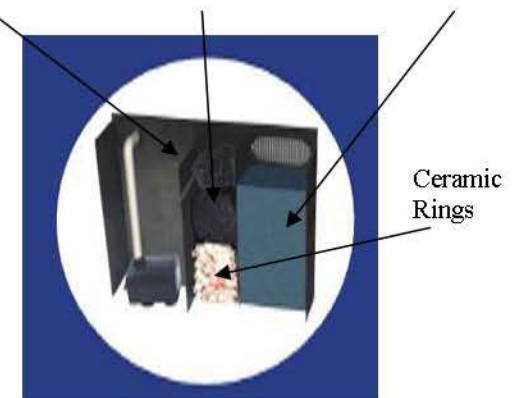

1. It is recommended to remove the following for Reef Applications to prevent the build-up of undesirable Nitrate:
 - a) Bio-Balls
 - b) Ceramic Rings

Heater Placement

1. A heater is not included with the Nano Cube. Please purchase a heater for tropical (75-80F) specimens that require warm tropical temperatures for survival.
2. The heater can be placed inside the main body of the tank or in the rear compartment.

BIO-BALLS ACTIVATED CARBON SPONGE

3 Stage Filtration

6 Month Warranty

This 6 Nano Cube aquarium is warranted to the original purchaser against defective material and workmanship for 6 months from the date of original purchase. This warranty is valid only under the following conditions: additions, modifications, or changes made to the Nano Cube by the purchaser and not by the manufacturer shall void this warranty. Damages brought on by abuse, misapplication, or mishandling also voids this warranty. Broken or cracked tanks are not warranted and will not be replaced. This warranty is limited to the repair or replacement of the Nano Cube at the discretion of the manufacturer. This warranty does not cover personal injury, property loss, including livestock or damage (direct, incidental, or consequential) arising out of use of this product. This warranty gives you specific rights and you may also have other rights, which may vary from state to state.

YOU MUST REGISTER ONLINE WITHIN 14 DAYS OF PURCHASE.
